Dear Colleagues in Firefighting,

Have you heard of the Haverhill Firefighting Museum?

Established in 2003, it is the home to one of the most extensive collections of New England firefighting artifacts, illustrating the history of firefighting from colonial days to the present time.

Though families often visit our museum, adults have been our biggest fans because in a museum you can look, but you are not supposed to touch. We want children to be excited about firefighting so we have plans to construct a children's section including a fire truck, fire hoses and reels, a fire pole with thick mats, and actual uniforms with which children can actually play. We are creating interactive exhibits AND taking fire prevention education into school classrooms.

We are also creating a display of historic uniforms from colonial time to present day and adding a handicap access ramp to our location in the Historic Armory Building. Many more exciting improvements and exhibits are being planned!

Your annual membership helps fund these programs and that is why we are asking for your support today. We are a 501(c)(3) so your donations are tax deductible.
